Australia's Best AGM Motorcycle Batteries

For enthusiasts who expect even more, we introduce the Ultimate in High-Performance batteries.

The SSB Powersport Dry Cell range (HVT range) has been built for the most discriminating buyer who is looking for only the Best. This Ultra High-Performance range is a Genuine AGM Battery that features unrivalled power and durability.

The cutting-edge technology used to manufacture SSB Powersport Dry Cell batteries doesn't just help them outperform other brands but also helps them remain in a class of their own.

Some of this technology includes using a special alloy that significantly increases cycle life. It also allows the battery to be deeply discharged. The state-of-the-art Thermal Management System keeps the battery cool especially during charging thus increasing the battery's life. This also ensures that the battery is better suited to hotter climates like Australia's top end.

Through state-of-the-art design and construction, the SSB Powersport Dry Cell range is packed with more power than any other Power Sport battery in Australia. Developed in Australia, the SSB Powersport Dry Cell range has been engineered to meet the rigorous demands of the modern performance vehicle.

The SSB Powersport Dry Cell range is truly in a class of its own and is one of the most powerful of its kind in Australia.

When Failure is not an Option - Insist on SSB Powersport Dry Cell Batteries

Specifications

MODEL	VOLTS	CCA	AH (20HR)	DIMENSIONS				ASSEMBLY FIGURE	TERMINAL TYPE	WEIGHT (KG)
				LENGTH (mm)	WIDTH (mm)	HEIGHT (mm)	TERMINAL HEIGHT (mm)			
HVT-1	12	450	18	176	88	153	152		S TYPE	6.41
HVT-2	12	515	30	169	132	174	174		S TYPE	9.81
HVT-3	12	300	12	148	88	144	143		S TYPE	4.82
HVT-4	12	425	19	173	100	152	151		S TYPE	6.97
